A chess match seems as solitary an endeavor as there is in sports: two minds, on their own, in fierce opposition. In contrast, Gary Alan Fine argues that chess is a social duet: two players in silent dialogue who always take each other into account in their play. Surrounding that

Get Free Administracion

one-on-one contest is a community life that can be nearly as dramatic and intense as the across-the-board confrontation. Fine has spent years immersed in the communities of amateur and professional chess players, and with *Players and Pawns* he takes readers deep inside them, revealing a complex, brilliant, feisty

gameplay, Players and
Pawns is a celebration
of the fascinating world
of serious chess.

To be human is to be
curious. And one of the
things we are most
curious about is how we
came to be who we
are--how we evolved
over millions of years to
become creatures
capable of inquiring into

Get Free Administracion

our own evolution. In this lively and readable introduction, renowned anthropologist Ian Tattersall thoroughly examines both fossil and archaeological records to trace human evolution from the earliest beginnings of our zoological family, Hominidae, through the appearance of Homo sapiens to the

Get Free

Administracion

Agricultural Revolution.

He begins with an accessible overview of evolutionary theory and then explores the major turning points in human evolution: the emergence of the genus Homo, the advantages of bipedalism, the birth of the big brain and symbolic thinking, Paleolithic and Neolithic tool making,

Get Free Administracion

and finally the
enormously
consequential shift from
hunter-gatherer to
agricultural societies
10,000 years ago.

Focusing particularly on
the pattern of events and
innovations in human
biological and cultural
evolution, Tattersall
offers illuminating
commentary on a wide
range of topics,

Get Free Administracion

including the earliest known artistic expressions, ancient burial rites, the beginnings of language, the likely causes of Neanderthal extinction, the relationship between agriculture and Christianity, and the still unsolved mysteries of human consciousness. Complemented by a wealth of illustrations

Clausewitz, Marx and Engels, and Tolstoy to the understanding of the character and causes of war and of the possibility of peace between nations.

This paper characterizes consumer demand for food safety and the dynamic impact of a social marketing campaign to promote a

Get Free Administracion

tested, third party
verified maize flour in
Kenya, where dietary
exposure to the fungal
toxin aflatoxin is a
major public health
concern. Consumption
of high levels of
aflatoxin can be fatal,
but this is relatively
rare. Of greater concern
is chronic exposure,
which has been linked
in numerous studies to

Get Free Administracion

liver cancer and may also contribute to child stunting. A significant proportion of the maize consumed in Kenya, where it is the primary dietary staple, fails to meet regulatory standards. One study reported widely in the Kenyan press found that 65% of maize samples collected from 20 major millers did not meet the

Get Free Administracion Ricky W Griffin

(Gathura, 2011) and another based on over 900 samples collected from retailers found that 26% of branded maize flour was above this standard (Hoffmann and Moser, 2017).

Provides a framework to demonstrate how to unify formal, theoretical and empirical analysis

Get Free Administracion Ricky W Griffin through various interdisciplinary examples.

Consumers in most parts of the world now have global access to products beyond those offered in their countries and cultures. This new space for comparison defined by globalization can result in very different purchasing

Get Free Administracion

behaviors, including those influenced by the 'country of origin'. This book investigates this effect, one of the most controversial fields of consumer literature, from a company perspective. In particular, it demonstrates the strategic relevance of the country of origin in creating and making use

Get Free Administracion

of the value in foreign markets. It also addresses the challenges connected with utilizing the value of the country of origin by considering different entry modes and international marketing channels. Further, it considers the role of international importers and international retailers' assortment strategies in

Get Free Administracion

terms of value creation
in foreign markets.

Combining theory and
practice, the book
features diverse
company perspectives
and interviews with
importers and retailers.

Develops a new theory
of public regulatory
interventions in private
sustainability
governance based on

Get Free Administracion policymaking in the European Union.

We analyze the use of intellectual property (IP) by firms in Chile over the decade 1995-2005 as the then middle-income country experienced rapid economic growth of 4.7 percent per year. We use a novel dataset that contains a combination of detailed

Get Free Administracion

firm-level information from the annual manufacturing census, information on firms' innovative activities from Chile's innovation surveys, and firms' patent, industrial design, and trademark filings with the Chilean IP office. We use these data to look at how IP use by companies has changed over time and

Get Free Administracion

analyze the determinants of IP use, in particular first-time use. We find that sales growth prompts first-time use of patents and trademarks, though such use does not change the growth trajectory of firms nor does it improve their total factor productivity. We also find that trademark use is associated with

Get Free Administracion

new-to-the-world
product innovation,
which suggests that
branding may be an
important mechanism to
appropriate returns to
innovation in a middle-
income country like
Chile.

Creativity loosely refers
to activities in the visual
arts, music, design, film
and performance that

Get Free Administracion

are primarily intended to produce forms of affect and social meaning. Yet, over the last few decades, creativity has also been explicitly mobilized by governments around the world as a ‘resource’ for achieving economic growth. The creative economy discourse emphasizes individuality,

Get Free

Administracion

Ricky W Griffin

R Klein De

innovation, self-fulfillment, career advancement and the idea of leading exciting lives as remedies to social alienation. This book critically assesses that discourse, and explores how political shifts and new theoretical frameworks are affecting the creative economy in various parts of the world at a

Get Free Administracion

time when creative industries are becoming increasingly 'industrialized.'

Further, it highlights how work inequalities, oligopolistic strategies, competitive logics and unsustainable models are inherent weaknesses of the industrial model of creativity. The interdisciplinary contributions presented

Get Free Administracion

here address the operationalization of creative practices in a variety of geographical contexts, ranging from the UK, France and Russia, to Greece, Argentina and Italy, and examine issues concerning art biennials, museums, DIY cultures, technologies, creative writing, copyright laws, ideological formations,

Get Free Administracion craft production and creative co-ops.

Addressing the financial difficulties of micro, small- and medium-sized enterprises (SMEs), supply chain finance plays a crucial role in fostering a better industrial environment. This book aims to provide a comprehensive analysis

Get Free Administracion of the latest

developments in supply chain finance and help readers to understand the subject from new perspectives by exploring the following four questions: 1) How to solve SMEs' financing difficulties with supply chain finance innovations? 2) How to prevent systemic risks during

Get Free Administracion

the course of
development of supply
chain finance? 3) How
to develop a healthy
supply chain ecosystem
to support the
development of supply
chain finance? 4) What
is the role that Internet
technology and big data
play in supply chain
finance risk
management? The
discussions are richly
