Gjennom mange hundre år hadde samuraiene monopol på å bære våpen i Japan. Boken tar for seg ulike typer korte og lange sverd som de brukte, og deres særegne komponenter. Boken tar også for seg rustinger for hode og kropp, buer og piler. Boken er rikt illustrert, i både farger og svart/hvitt. Har innholdsfortegnelse, forord, ordliste, bibliografi og register.

This book introduces the world of traditional Japanese martial arts and will provide readers with a deeper understanding of Bushido and Japan. Also known as Kobudo, these traditional martial arts can be seen as a continuation of samurai culture and comprise a number of styles formulated in the samurai era that are still being taught today. Aiming to develop Bujutsu (martial arts) and Heiho (strategy) to the highest possible degree, the samurai devised a code consisting of over eighteen arts. A samurai should have impeccable manners and be an expert in martial arts, but he should never be a killer. His swords contained his soul, which he cultivated by learning poetry and art, and by practicing Zen meditation. The author is the world-famous Kobudo grandmaster. He knows all the Kobudo styles, and his teaching of arts such as Iaijutsu and Jujitsu fascinates many students around the world. This is his first book in English, and it offers readers the opportunity to learn the lesser known arts of Kobudo, particularly the way of Nito Ryu - the two-swords method created by the famous samurai Miyamoto Musashi, and to understand the spirit behind it. Lavishly illustrated with around 700 photographs, *Samurai Fighting Arts* reveals many secret skills of Kobudo. It is divided into five chapters: Kobudo and its history; Kumiuchi Hyoho; Nito Ryu - the two-sword method; Iai and Kenpo; and Classical Kenjutsu and its application.

For 700 years Japanese civilization was dominated by a single warrior caste. This project looks at the weaponry of Samurai men and women over the centuries with specifically commissioned photography of reenactors wearing and museum-quality clothing and weaponry.

The samurai were the warriors of premodern Japan. They later made up the ruling military class that eventually became the highest-ranking social caste of the Edo Period. It employed a range of weapons such as bows and arrows, spears, and guns, but their main weapon and symbol was the sword. The spirit of Samurai is based on Benevolence, Justice, Respect, Wisdom, Fidelity, Loyalty, and Sincerity. Within this

spirit, there is no discrimination or distinction among people. The beauty of Samurai lies in the mind of self-discipline. Written by a samurai of our times, this book introduces a new perspective of samurai philosophy and Japanese culture focused on today's individuals. The example of samurai rectitude, courage, and persistence can awaken the spirit in order to fight new daily battles in which you must commit heart and soul, as well as use the sword of the spirit as your guide.

Secrets of the Samurai is the definitive study of the martial arts of feudal Japan, explaining in detail the weapons, techniques, strategies, and principles of combat that made the Japanese warrior a formidable foe. The work begins with a panoramic survey of the tumultuous early struggles of warlords contending for political ascendancy and then outlines the relentless progression of the military class toward absolute power. In addition to illustrating actual methods of combat, the authors discuss in

detail the crucial training necessary to develop a warrior's inner power and to concentrate all his energies into a single force. *Secrets of the Samurai* is an essential text for anyone with an interest in Japanese combat techniques, weaponry, or military history. This edition also contains a new foreword by Adele Westbrook and numerous previously unpublished illustrations by Oscar Ratti. Chapters include: The Bushi The Heimin The Centers of Martial Instruction Armed Bujutsu Unarmed Bujutsu Control and Power Strategic Principles Morality of Bujutsu

Drawing on the V&A's magnificent collection, this illustrated survey examines the development of the Japanese sword in an historical and social context from the 8th to the 12th century. The development of the sword from its origins as one of the world's most effective cutting weapons is seen in the context of the emergence and development of Japan's ruling military class, the samurai, to whom it was indispensable both as a weapon and symbol of power. The book also deals with the techniques used in the making of the sword and the associated terminology. In addition to weapons from the V&A's own collections, illustrations include comparative materials from Japan's Tokyo National Museum, as well as prints showing graphic depictions of swords in action.

The *Samurai Sword* is the essential illustrated guide to the Japanese way of the sword. Japan's famous samurai warriors were more than just soldiers – they were adherents to a strict code of honor who respected the deeper, spiritual meaning of the way of the sword. To the samurai, battle was sacred. This indispensable guide to theory and practice respects both the physical and spiritual aspects of martial arts practice with the katana. This sword book features: Beautiful, step-by-step photos and easy-to-understand text Guidance for selecting, maintaining, and using your sword Wisdom about the practical value of meditation Inspirational biographies of some of the greatest samurai swordsmen, men whose words and deeds embodied the true spirit of the samurai warrior Downloadable video Whether you're a beginner or an experienced swordsperson, this book will broaden your practical knowledge with detailed instruction on stances, cuts, guards, forms, and sparring techniques and strategy.
